Musically Speaking

What Listeners Are Saying

Tim Bays has the gift of speaking simply about matters that really mean something to us, things as simple as love and as complicated as the Universe. With humility, humor and a profound sense of wonder, he asks the questions of Everyman, and reminds us that we already have all the information we need to live an abundant life. ~ **Lenna Schultz**

What a great way to start the week! I got "Everyday Magic" today, started with "I Believe"...and worked my way through to "Shine On". This is one fine piece of work, a pleasure to listen to. ~ **Joe Calloway, CSP, CPAE, Joe Calloway Business Motivation, Nashville, TN**

"I Believe" was the first thought I had as I awoke this morning. My husband and I have set a goal and a time frame in which to achieve that goal. As I prepare to climb that mountain, "Everyday Magic" is an "essential" part of my climbing gear. ~ **Zodi & Neil Thornburg**

"Everyday Magic" is the perfect soundtrack for a morning with your children! It is love of life in musical form. ~ **Mike Rayburn**

Tim has a way of reaching right through the hustle and stress surrounding his listener, grounding us in a few verses, reminding us of simple joys and oft-missed beauty....letting each of us reconnect with the profound grace, humor and peace of human living.

~ **Joseph Montelepre**

"Everyday Magic" is just that, wonderful, lyrical, musical magic. With every line of any Tim Bays' song I'm thinking, "I wish I'd written that." ~ **Jan Haddox**
